## AUDITORS' REPORT

The records of the Selectmen, Town Clerk, Tax Collector, Treasurer, Trustee of the Trust Funds, Cemetery Commission, and Library Trustees have been examined pursuant to RSA 41:31 for the year ending June 30, 2008.

This audit was conducted by balancing all accounts, checking all income and expense vouchers and verifying the method of handling all aspects of the financial positions of the Town of Stoddard. This included the procedures used by the duly elected Officers and appointed personnel charged with the responsibilities of the positions listed above.

In the opinion of this Auditor, the above accounts, together with their financial statements, present fairly the financial position for the year end of the Town of Stoddard. These records also conform to generally accepted accounting principles applied using the cash basis method.

Respectfully submitted

Gale Saleski, Auditor  
Kathleen Whitcomb, Auditor

Recommended by the Stoddard Planning Board

☐ Yes

☐ No

**ART. 9:** Outdoor Lighting Ordinance: The proposed ordinance regulating outdoor lighting is to maintain the rural character of the Town of Stoddard, in part by preserving the visibility of nighttime skies and to minimize the impact of artificial lighting on nocturnal wildlife. This ordinance recognizes the importance of lighting for safety and security while encouraging energy efficiency and promotes good neighborly relations by preventing glare from outdoor lights from intruding on nearby properties or posing a hazard to pedestrians or drivers.

- In general, outdoor floodlights and spotlights of more than 50 watts, and other outdoor lights of more than 100 watts must be shielded so that they do not shine above the horizontal, and aimed so that they do not shine into a neighbor's yard.
- Moving, fluttering, blinking or flashing neon or tubular lights or signs shall not be permitted, except as temporary, seasonal holiday decorations.
- Some restrictions are placed on types of lighting in public areas.
- Emergency vehicle lighting and hazard warning lighting are exempted.

Are you in favor of adding the Portable Storage Structures regulation as proposed by the Planning Board for the Stoddard Community Planning (Zoning) Ordinance?

Recommended by the Stoddard Planning Board

☐ Yes

☐ No

**ART. 11:** Temporary Structures. The intent of this regulation is to establish provisions to limit the proliferation of temporary structures, which over time may become permanent structures outside of the permitting process. Any structure erected for less than 15 days is exempt.

Are you in favor of adding the Temporary Structures regulation as proposed by the Planning Board for the Stoddard Community Planning (Zoning) Ordinance?

Recommended by the Stoddard Planning Board

☐ Yes

☐ No

**ART. 12:** Sexually Oriented Businesses. The intent of this regulation is to establish reasonable and uniform provisions to regulate the secondary effects of sexually-oriented businesses within the Town of Stoddard in the interests of public health, safety and welfare, including but not limited to protection of property values, separation of incompatible land uses and the prevention of blight and crime.

Are you in favor of adding the Sexually Oriented Businesses regulation as proposed by the Planning Board for the Stoddard Community Planning (Zoning) Ordinance?

Recommended by the Stoddard Planning Board

☐ Yes

☐ No

**ART. 13:** Junkyards. The purpose of this regulation is to conform to the State Statute (Title XX -- RSA 236:112) and to conserve and safeguard the public safety, health and welfare and to further economic growth and stability of the residential property of the Town of Stoddard consistent with the Master Plan which defines Stoddard as a rural recreational/residential community.

Are you in favor of adding the Junkyards regulation as proposed by the Planning Board for the Stoddard Community Planning (Zoning) Ordinance?

Recommended by the Stoddard Planning Board

☐ Yes

☐ No

*To vote by ballot on the adoption of a floodplain management ordinance:*

**ART. 14:** National Flood Insurance Program. “Certain areas of the Town of Stoddard are subject to periodic flooding, which may cause serious damage to properties within these areas. Relief is available in the form of Federal Flood Insurance.”

## BOARD OF SELECTMEN ANNUAL REPORT

The biggest event of the year was, of course, the major ice storm that arrived the night of December 11, 2008. How the Fire and Rescue and Police Departments, town board members and resident volunteers came together to help in so many ways was nothing short of remarkable. The “can do” approach with which the townspeople rallied to help and to endure, even as we all longed to return to “normal”, was always evident. It was a time when there seemed to be no grumbling, just a common interest in insuring the safety of our homes, ourselves, and each other. An Emergency Operations Center and shelter was opened at the school, manned 24/7 into December 21<sup>st</sup>. Hot meals and other services were cheerfully provided to all who came through the doors, including the National Guard, State Forestry Service, and the crews that came later to restore power. The Board extends a hearty “thank you” to all. We have a community to be enormously proud of.

Soon after the holidays, the Board attended a FEMA meeting in Keene where we learned certain expenses incurred during the period could be reimbursable up to 75 percent. The process of obtaining reimbursement continues at this writing with FEMA currently surveying the damage and debris to roadways, ditches and right-of-ways to determine a dollar value on the clean-up work remaining to be done.

Emergency training continues with a new emphasis, understanding that we have had two floods and two ice storms in just over ten years. Work has begun on revising and updating Stoddard’s Hazard Mitigation Plan. One major item to be resolved is how to improve communications when power and telephone landlines are down and cell phones have limited and spotty reception throughout Stoddard.

The Board, and the townspeople, saw a number of significant changes to the way meetings are conducted. The public has been made to feel more welcome to attend by moving the meetings from the fairly cramped selectmen’s office into the main hall. An agenda was established to provide people an opportunity to speak to an issue by appointment. The agenda also includes a time for anyone present to bring matters before the Board. The weekly manifest is posted so that people can view financial transactions. It is hoped that more people will attend our meetings as we go forward, thus increasing involvement and participation in the town and its government by more residents.

Work continues on a number of issues, one of which is providing the town with a more dynamic and useful town website. We are investigating what approach will offer the “best bang for the buck”. We are also still working on hiring a part-time compliance officer. The Planning Board is developing a job description as this report goes to print.

We hired a new custodian last October for both indoor and outdoor maintenance and care-taking. What a difference Mr. Young has made in the appearance of the Town Hall where the floors have not looked so good in years! Entry ways and driveways were well cleared of snow all winter and we are looking forward to seeing the results of his hard work on the outdoor areas as warm weather approaches.

A long-unresolved issue has recently seen resolution with the purchase of an excellent sound system for use at Town Meeting and other “large-room” events. Mrs. Read is so pleased, and indeed, this will make her job a great deal easier. It has been a long time coming. Thanks for your patience Joan.

Two new committees were created at the 2008 Town Meeting; the Financial Advisory Committee and the “new” Building Committee. Valuable assistance has been provided to the Board, and therefore the town, through their efforts. These two committees have accomplished a number of things the Board itself simply would not have had the time to do. Their work is on-going and appreciated.

Although not new, we also appreciate all the work of the long-established boards and committees and clubs that always perform hard work to make Stoddard a better community for each of us.

It has been a long, difficult year in many ways, but with Spring comes hope and a rededication to continue making progress in all the ways that benefit the town.

## STODDARD POLICE DEPARTMENT REPORT

It was a busy year for the Stoddard Police Department. Accidents, including fatalities, domestic and juvenile issues continue to take up a large percentage of our time. Vandalism has taken a sharp increase. We need your help by calling in suspicious activities, or suspicious vehicles. This Department received many complaints/calls regarding events that people either observed or heard, but did not report until a later date. It is important that if an issue needs to be related to this Department, it should be reported ASAP. There isn't a great deal that can be done if the call is not received by us until two or three days later. Also, if possible, make notes regarding vehicle descriptions and plate numbers.

Last year the Stoddard Police Department entered into the Regional Prosecutor Program. They have successfully prosecuted several cases for the Department, including Assaults, DWI, and Criminal Threatening cases. They have handled all arraignments, probable cause hearings, motions and sentencing hearings. In the past, Stoddard Police Officers prosecuted their own cases in Keene District Court. These involved both violations and misdemeanor cases. Prosecuting cases takes a significant amount of time and resources. Additionally, officers facing defense attorneys sometimes cause plea bargains and sometimes lose cases to technicalities that a trained prosecutor could address. Although this comes to us with an additional cost, I believe it is money well spent.

Officer Tom Chagnon has resigned from the Department. Tom brought us a sense of professionalism that will be challenge to replace. Tom, however, has agreed to assume the responsibility of Animal Control Officer. Tom's availability will be truly appreciated by the Police Department. Animal Control calls can be made through our Dispatch Center at 344-2000. Should Tom not be available, the call will be passed on to the Police Department.

Speeding continues to be an issue in several areas in town. To combat this we are in the process of hiring two part-time Police Officers. In addition to answering calls for service, we will maintain a high patrol rate in the areas of concern, mainly to attempt to "slow" people down so the residents of Stoddard can walk safely on the side of Route 123.

All Town employees and volunteers deserve a vote of gratitude for their fine work during the December Ice Storm. I feel Stoddard is extremely fortunate in having a nucleus of conscientious and dedicated employees and volunteers who contribute during a disaster, making this town an enjoyable and affordable community.

I would like to thank the town's people for their continued support and assistance over the past year. We wish to remind you that in case of an emergency call 911. If no emergency is present, but you wish to speak to a Police Officer, contact the Stoddard Police Department at 446-3597 or call our Dispatch Center at 355-2000.

Respectfully submitted,  
David Vaillancourt, Constable/Police Chief

## STODDARD FIRE AND RESCUE

The Department call volume for January to December: we responded to 49 fire, 43 medical, 21 motor vehicle accidents, and 2 mutual aid calls. Overall call volume decreased from last year.

In December the town experienced a significant ice storm. This was a difficult event due to the severity of the storm. A state of emergency was declared and Stoddard's EOC (Emergency Operation Center) was opened during this event as a resource to the community. During this event we worked two days with the State of NH National Guard and the State of NH Division of Forests and Lands. Numerous tasks were performed with these two agencies like cutting trees to open the roads for access for emergency vehicles, fixing generators and responding to over thirty (30) calls during the eleven day event.

Our department would like to extend our sincere appreciation to Selectmen John Halter, Lou GrandPre' and Sandy Holland, Emergency Management Director Arnie Antak and the residents of Stoddard, especially Mary Lou Stymest, Barbara Rockwell, Kellie Holland, Cheryl Rockwell and others who supported us and donated items for first responders and the community during this event.

We would also like to thank Carlisle Wide Plank Flooring for housing our rescue vehicle inside one of their heated buildings until we were able to heat the fire station. We also thank our mutual aid towns Antrim, Troy, Washington and Halifax, VT for providing personnel for coverage at night. Fitzwilliam provided portable radios for communications.

Most of all, we would like to thank the members of the Fire and Rescue Department for their service and commitment to the community.

In the area of training, Doug Whitcomb received his certification in Self-Contained Breathing Apparatus after completing a 24 hour course at Meadowood County Fire School.

Margo Santoro received her certification as a National Emergency Technician (EMT). This is no easy task as it requires over 130 hours of classroom time and service out in the field working with an ambulance service.

New members this year are Brian Johnson, Doug Whitcomb, and Jay Harney.

Respectfully submitted,

Chief P.J. Lamothe  
Fire Captain Randy Weaver  
Rescue Lt. Margo Santoro

Deputy Chief Wally Weaver  
Fire Lt. Donnie Holland

## STODDARD CEMETERY COMMISSION

2008/9 was another busy season for your Cemetery Commission. At Dow Hill Cemetery we added two more "Memory Trees". The family of Don and May Curry contributed two Snow Crabs in their memory. They now flank our new Memorial Plaque you voted to have struck at last year's Town Meeting. At the 2008 Olde Home Days we dedicated this plaque to honor the unmarked graves of Stoddard's earliest settlers whose wooden crosses have long since disappeared! This Spring should bring a show of beauty all through the Dow Hill Cemetery!

We have a wonderful new addition to Robb Cemetery in South Stoddard, the little Stevens Cemetery on Forest Road, the New Town Cemetery on Mt. Stoddard Road and Dow Hill Cemetery. Attractive new white vinyl gates have replaced rusty old chains, or wooden gates held together only by the paint. Thanks go to George and Sally Cahill for donating the gates at New Town, and the hard work that goes into installing them. Ed and Ginger Saleski installed the other gates at Robb, Stevens and Dow Hill. You all did a job to be proud of and we send a big "Thank You" for such a fine job!

With the gates, Memory Trees, Memorial Plaque, new signs and our road addition allowing us to drive through Dow Hill Cemetery, our cemeteries are in the most attractive shape ever. We are in the second year of restoring the tipping stones in the old section of Dow Hill. The final third will be completed next year!

As the 2008/9 fiscal year comes to an end, it is with some regret that I say "Goodbye" to my place on the Stoddard Cemetery Commission. I have been proud to serve as your Cemetery Commission Chairman for the better part of 20 years. I have enjoyed being a part of implementing the many improvements we made to the cemeteries. They stand as a tribute to the special place Stoddard is and the special folks who have the privilege of living here.

## PLANNING BOARD REPORT

The members of the Planning Board have worked arduously this past year to serve the needs of the residents of Stoddard.

The Board began a strenuous schedule of meeting twice per month in order to complete a comprehensive review of the Community Planning Ordinances. Many changes were made to the original ordinances in terms of definition and description. New ordinances proposed include; Junkyards, Sexually Oriented Businesses, Temporary Structures, Portable Storage Structures, and Outdoor Lighting. Hours of research went into the creation of these proposed ordinances, which, if adopted, will address many of the concerns brought to the Board by concerned residents.

In addition to the effort expended on the Community Planning Ordinances, the Board undertook the approval of many lot line adjustments and the consideration of new subdivision applications. A comprehensive site plan review was also conducted on Hayes Garage upon the request of the Board of Selectmen . This review ended with a satisfactory agreement between the Planning Board and Michael Hayes of Hayes Garage.

Membership of the Board changed in October due to the resignation of Dale Smith, who cited " I have been thinking of this for a long time". We thank him for his service to the Board. In March, we accepted the resignation of Mike Oldershaw due to health reasons. We have missed Mike greatly and all his experience both as a Selectman in Antrim and his long tenure on the Planning Board there. We all wish Mike a speedy recovery. Harry Power , having served as an alternate, graciously accepted our offer to replace one member on the Board . We have relied heavily on Harry's knowledge and past Board experience. Ruth Ward and Margo Santoro offered their services as alternates on the Board.

Plans still on the table include a review of the Master Plan, Site Plan Review and Subdivision Requirements. Terry McMahon, CIP Chairman, also has worked on the annual review of the CIP along with his committee. The Board extends its thanks to Terry for his continued efforts on behalf of the town.

It goes without saying that none of this work could have been accomplished without the dedication shown to this Board by Pat Putnam. Her sense of humor buoyed us through many a long night, her professionalism is unmatched, and her humorous spats with George Preston made for many a welcome laugh. If there is a Planning Board in the hereafter, Pat will certainly be the "Chief Advisor".

In closing, the Board members thank you for your continued support and welcome resident's comments on the issues before this Board.

Amy S. Rokoszak, Chairperson  
Planning Board of Stoddard.

## STODDARD ZONING BOARD

The Stoddard Zoning Board of Adjustment meets as needed to consider applications for zoning variances, special exceptions and equitable waivers. This year was a “quiet” year for the board and, as always, the majority of our hearings pertained to setbacks, or additions to waterfront properties. I have outlined some helpful information on these two categories below:

**WATERFRONT RESTRICTIONS:** Development near the water has its own special set of limitations: a buffer zone of 50 ft. from the edge of the high water mark shall be left undisturbed to prevent siltation into the waterway. There are other restrictions that apply to waterfront buildings or decks, porches and alterations to those buildings, so please be familiar with those restrictions and be sure to get a building permit **BEFORE COMMENCING TO MAKE ADDITIONS**. These restrictions are described in the Stoddard Community Planning Ordinance, and apply to **ALL BUILDINGS**, whether they are new or pre-exist zoning. Being grandfathered does not mean you do not have to comply, but instead, that you may need a variance **BEFORE** you proceed with any alterations within the 25 ft. side line or within the 50 ft. setbacks from water.

**FYI:** In the Town of Stoddard, a building needs to be set back 25 feet from its lot lines. This applies to not only the interior living space of the building, but also the porches, additions, decks, garages, etc. A utility shed that is **LESS THAN 100 sq. ft.** can be located as close as 15 feet from a lot line. Utility sheds, garages or other storage buildings over 100 sq. ft. need to be a minimum of 25 feet from any lot line.

## RECREATION COMMISSION

Over this past year the Recreation Commission has concentrated on the baseball field. We have installed a new outfield fence, painted the dugouts, and established the base paths. The old topsoil was removed and replaced with 100 yards of new screened loam and the field was hydro seeded.

Our goals for this year include the building or installation of bleachers as well as constructing a walkway from the school parking lot to the bleacher section of the field.

The Recreation Commission would sincerely like to thank the residents of Stoddard for their continued support and the volunteers who have helped over the last year.

A special thank you goes to the following businesses for their donations and/or discounts:

Agway  
Cheshire Fence  
Connecticut River Agriculture

Jim's Tractor Service  
Our Town Landscaping

## FOREST FIRE WARDEN'S REPORT

This past year was not as busy as previous years. There were a few fires in Cheshire County that burned an average of up to 25 acres. Charlestown alone had a fire that took 4-5 days to extinguish. This fire was caused by someone camping out who lit a campfire and never extinguished it. Shannon and I spent two days at that fire with the State of New Hampshire.

We are still encountering non permit fires around the town. In order for the town to be able to act accordingly we are going to write an Official Warning to those who are not in compliance with the law. This warning will be on record from now on. I cannot state enough that a Fire Permit is required by law in order for anyone to have any type of open fire. The only fires that do not require a permit are gas grills, charcoal grills, and wood type stoves that are fully enclosed with a stack and a spark arrestor.

Please plan ahead in order to receive your fire permit. It is possible that the day you are looking for a permit it may be difficult to reach anyone. We can issue permits ahead of time as long as we are comfortable with the weather on the day of the burn.

This year we will have to be a lot more careful in writing permits. Because of the damage that was created by the ice storm, more people will want to clean their property and burn all brush. Please remember that nothing over 5" is allowed in the burn pile. This will be enforced and all permits for brush fires will be inspected. Anything that does not comply will have to be removed before any such permit will be issued.

Please make sure that you have all brush piles a safe distance from any structure so that there is no danger of any type of structure fires. All new and existing camp-fire pits will be inspected as well to come into compliance with the new Category type fires.

Please remember that any person violating the fire permit law and its provisions, and any person who willfully or recklessly kindles a fire that endangers woodlands, shall be guilty of a misdemeanor punishable by a fine up to \$2,000.00 and/or up to one year in jail.

Fire permits can be obtained from the following people:

Forest Fire Warden	Joseph Sarcione	446-7144
Forest Fire Deputy Warden	Patricia Lamothe	446-7430
Forest Fire Deputy Warden	Jesse Pollock	446-3428
Forest Fire Deputy Warden	Lewis Clark	446-3480

## STODDARD CONSERVATION COMMISSION

The Stoddard Conservation Commission meets on the second Thursday of the month at 7 PM, Town Hall. Most times we meet has to do with wetlands permits, Shoreline Protection Act situations, and planning for Olde Home Day activities. We do not meet on months where there are no agenda items. Because of that, if folks have issues that need to be brought before the Conservation Commission they should contact the chair, Geoffrey Jones at 446-3439 or write to PO Box 336, Stoddard, NH.

### **Andorra Forest Honored as the New Hampshire Tree Farm of the Year for 2008**

Andorra Forest was awarded the coveted 2008 New Hampshire Tree Farm of the Year. On September 27, 2008, Andorra hosted a day-long celebration that featured tours of the forest, including a wildlife habitat tour and cattle farm tour, horse logging demonstration, GPS scavenger hunt, a presentation by bear expert Ben Kilham, a silent auction and a pig roast and chicken barbecue. Over 200 people attended the event on a rainy, windswept fall day.

Andorra Forest encompasses 11,800 acres - mostly in the town of Stoddard. The Faulkner Family has owned the forest since 1937 and four generations of Faulkners have managed this landscape. During this time, the family has used the services of professional foresters to inventory the trees on their property and create management plans. These plans help the landowners achieve their goals of protecting the long-term productivity and sustainability of their land. With careful attention to timber production and wildlife habitat, the family has had several careful timber harvests over the years that have supported the local and regional forest products industry and wood products markets whenever possible and protected or enhanced wildlife habitat.

While the Faulkners have exemplified their commitment to the land, they have also welcomed the public to enjoy Andorra Forest. Nearly 70 miles of trails are open to the public for hiking and cross-country skiing, including approximately seven miles of the Monadnock-Sunapee Greenway Trail.

In 1991, the family placed a conservation easement on the Forest, protecting approximately 11,000 acres of forest and open space. This unselfish act of generosity will help to preserve this resource for future generations. The easement, held by the Society of the Protection of New Hampshire Forests, allows for the continuation of the careful harvesting, agricultural, and recreational activities that have occurred on the Forest for generations. Additionally, the easement protects nearly 3,000 acres, known as the Wildcat Hollow Wilderness Area, as a no-cut area where the forest will be allowed to grow and change according to natural processes.

The Faulkner family's commitment to the principles of sustainable forest management and managing forests for the multiple benefits of wood, water, wildlife, and recreation are the foundation of the Tree Farm Program.

A Tree Farm is a privately owned forest managed to produce timber with added benefits

of improved wildlife habitat, water quality, recreation, and scenic values. In recognition of the efforts made by New Hampshire landowners who care about the management of our forests, the New Hampshire Tree Farm committee awards one outstanding Tree Farm the honor of Tree Farm of the Year. This year Tree Farm celebrates Andorra Forest, its owners, Charlie, Charlotte and Nika Faulkner, and their forester, Paul Crosby.

The American Tree Farm System (ATFS) is a nationwide program that encourages private forest owners to actively manage their forests in a sustainable manner for multiple values. Launched in 1941, ATFS is the world's oldest sustainable forest and certification program. The system is managed by the American Forest Foundation and supported by 46 Tree Farm Committees with over 4,000 volunteer foresters. New Hampshire established a Tree Farm program in 1950 and Andorra Forest was a charter member.

Today, approximately 94,000 Tree Farmers manage 27 million acres of privately owned forestland nationwide and over 1,500 New Hampshire Tree Farms manage 500,000 acres of forestland in the Granite State. These landowners proudly display the familiar green and white Tree Farm sign signifying they are a part of the Tree Farm System.

The Conservation Commission and residents of Stoddard congratulate the Faulkner family and their forester Paul Crosby for achieving this prestigious award.

#### The Loss of a Valued Conservation Commission Member

The Conservation Commission lost a valued member in the passing of Gerald Pelletier on October 19, 2008. Gerry had served on the Commission for the past 10 years, bringing a sense of humor and an ability to disarm tension from contentious issues in our monthly meetings. Gerry was a native of Fitchburg, Mass, moving to Stoddard 19 years ago. Gerry and his wife Barbara Cleland lived on Old Antrim Rd., surrounded by thousands of acres of protected lands. He was an avid outdoorsman and loved hiking the hills behind his house as well as in the White Mountains. His love of fishing took him to the wilds of Maine, including the Peirce Pond Fishing camps. Domestic times would find him tending his flower gardens or pursuing photography. One winter morning, looking out his window overlooking Island Pond, Gerry captured a picture of a large bobcat crossing Island Pond. The snapshot adorns my refrigerator door. His friendly presence and quiet demeanor will be greatly missed by those who knew him.

#### Housekeeping Notes:

Stoddard continues to participate in the regional household hazardous waste program, held at the city of Keene Recycling Center. For recycling guidelines and recycling dates, visit the city of Keene Recycling Center website at [www.ci.keene.nh.us/publicworks/recycle/hazardous](http://www.ci.keene.nh.us/publicworks/recycle/hazardous). Also, keep an eye out for notices in the Keene Sentinel, at the town hall, and the Stoddard Recycling Center for dates open to Stoddard residents. Help the attendants at the Recycling Center by adhering to the recycling protocol, putting the right stuff in the right containers, AND please take hazardous household stuff to the Keene Recycling Center.

On Thursday, July 10, 2008 in conjunction with Stoddard Olde Home Days festivities, 47 people attended a presentation celebrating Andorra Forest's selection as New Hampshire's 2008 Tree Farm of the Year Award.

### **Changes**

After 10 years of serving on the Conservation Commission, Dick Briere is stepping down. The Conservation Commission thanks him for his dedicated service.

In February 2009, in response to the economic recession sweeping the nation, the Society for the Protection of New Hampshire Forests eliminated several key positions, including the director of land management who oversees the stewardship of their 45,000+ acres of conservation land. As a result, I am no longer professionally affiliated with the Society or their lands, 5,000+ acres of which are located in Stoddard. Questions or concerns should be directed to the Forest Society at 224-9945.

Respectfully Submitted by,

Geoffrey Jones, Chair

## STODDARD BUILDING COMMITTEE 2008

The first meeting of this committee took place on September 18, 2008 following written notification by the Town Moderator that ten (10) members had been appointed. A chairperson was elected and we were off and running.

We began our work by conducting a visual inspection of the major town-owned buildings: Town Hall, both Fire Department buildings, Davis Library and the recently purchased Nathan Gould House. This was done on October 4<sup>th</sup> to help us make an assessment of where to begin as a committee to address the commitments stated in warrant article #28 and approved at the 2008 Town Meeting. (Excerpt: "The Building Committee will, through research and study, and collaboration with town officials, boards and other committees, recommend to the townspeople and Selectmen plans for future buildings, improvements and additions to existing buildings and maintenance of all town properties.")

The first order of business was installation of an off-street parking area to serve Town Hall and the Gould House, which is close to completion as this report is being written. Developing the plans and obtaining proposals required even more planning, discussions and negotiations with contractors than we anticipated. Finally, we were able to develop a safe and convenient parking area within budget. Lighting for the lot is being investigated at this writing.

As a class assignment, several students from the Keene State College Architectural Department have been working to develop architectural plans for renovations to the Gould house for use for town offices and an expansion to the Davis Library. Their efforts and final plans are free of cost to the Town. We are hopeful their accomplishments will be presented to the community by late April 2009. We are very appreciative of all their efforts and impressed with their abilities, maturity and responsibility.

We discovered that the Town owns a number of properties without proper documentation of boundary lines and several without deeds. Among them are the Davis Library, town boat launching facilities, the old fire station, and the police station. Headed up by George Preston, an incredible amount of research was conducted to locate missing information, which translated into a substantial reduction of the cost for a surveyor to conduct the actual surveys, draft the necessary documentation, and set monuments as needed. The importance of having this work done is illustrated by the fact that the Davis Library cannot be expanded until the exact property boundary lines are known.

A review of maintenance for the past several years at each of the primary buildings is currently underway and joint meetings are being scheduled with other committees to develop long-term plans. Committee members have met with electrical contractors to request recommendations and proposals to correct and/or replace electrical service to

both the Town Hall and the Gould House.

Although this committee would have preferred bringing more conclusive reports to the community by this printing, losing four months productivity due to the committee's late formation in large part precluded that option. We have, however, learned a great deal in the past seven months and feel confident that we are going forward with positive plans that will benefit the entire community. We have appreciated the opportunity to serve the Town of Stoddard.

## FINANCIAL ADVISORY COMMITTEE

The Financial Advisory Committee was organized in September 2008 pursuant to Article 2 as amended at the 2008 Stoddard Town Meeting. Michael Oldershaw, Patricia McMahon, John Halter, Beverly Gay and Daniel Eaton were appointed to the Committee.

We decided on a mission statement as follows:

### MISSION STATEMENT:

To provide leadership, with suggested direction to Department Heads and the Selectboard as pertains to proposals to bid, revised bids, and department budgets, and to make suggestions and recommendations.

Items to review include:

1. Requests for bids and quotes
2. Bid proposals
3. Department budget proposal and planning
4. Quarterly department-approved budgets
5. Annual review of changes to the Capital Improvements Program requested by departments
6. Supporting data for RFQ on final proposals
7. Items requested by taxpayers for review
8. General financial review and oversight

### STATUS:

The committee recommended an inventory form to standardize the record of physical inventories by each department of town government. These have been adopted and completed by the departments.

At the committee's suggestion, the Departmental expenses have been codified in line with the state codes.

There is much work still to be done to implement other agenda items in the above list, which needs to be facilitated by development, by the Selectboard, of a plan to coordinate the work of this Committee with that of the CIP and Building Committees. That will enable the review of proposed bids and expenses of the Building Committee, its consistency with departmental proposals reflected in the CIP budget, and the generation and critiquing of supporting data for such projects.

### RECOMMENDATION:

We suggest the Financial Advisory Committee become a permanent Town Committee.

## CAPITAL IMPROVEMENTS PROGRAM

### AUTHORIZATION:

The Capital Improvements Program (CIP) is established by vote of the residents of Stoddard. It is monitored and updated annually by a committee that by statute is composed of a member of the Planning Board and such other officers and residents of the town as shall be appointed by the Planning Board.

### PURPOSE:

The purpose of the CIP is to prepare and annually update a six-year projected budget of capital expenses. Capital expense includes construction or purchase of buildings, land, major equipment, and expenses met through bonding or capital reserve funds.

Projects included in the budget must be nominated by town officers or by voter petition. Cost estimates are made by the nominating parties, and for major projects are researched and estimated by the Selectmen, or by a Building Committee if authorized by the voters. The time frames for starting and completing projects are initially recommended by the nominating parties. It is the function of the CIP Committee to resolve the project requests and estimates into a draft 6-year budget that predicts the tax impact of these projects, both for the upcoming and the future years, with the objective of leveling the tax rate from year to year.

The 6-year budget can then be reviewed by the Select Board, and by a Financial Advisory Committee to reconcile it with other municipal, school, county and state expenses in the overall town budget, and to make any necessary adjustments.

The CIP Committee is further tasked to annually review the Stoddard Master Plan and to make recommendations to the Planning Board and Select Board concerning the implementation of the policies contained in it.

### 6-YEAR CAPITAL IMPROVEMENTS BUDGET COMMENCING JULY 2009:

The proposed six-year budget projection is shown below, following the Recommendations section of this report.

### MASTER PLAN REVIEW:

The CIP Committee has selected the following policies from the Master Plan as being timely for inclusion in the town's planning process:

1. Develop a Comprehensive Future Land Use Plan that expands on the future land use section of this Plan, and adopt the Comprehensive Plan as a component of the Master Plan. *This is the first of the two top-level policies in the Master Plan. It forms the framework for reconciling all other policies.*
2. Implement appropriate growth management tools through the Community Planning Ordinances and Subdivision and Site Plan Review processes. Regularly review, revise and update these Ordinances and Regulations. Review and revise Town fiscal processes (to facilitate data tracking and multi-year comparisons such as building permits). *This is the second of the two top-level policies in the Master Plan. Some review of ordinances has*

*been done, but it lacks coherence and clarity of purpose because no overall plan for growth has been prepared. Some progress in modernizing the town's fiscal processes has been made by the newly established Financial Advisory Committee, and this work should be continued and incorporated into the regular processes of the town.*

3. Provide extra-curricular activities for school children. *This is the third policy listed in the Recreation section of the Master Plan. The town does have some assets suitable for recreation, e.g. the ball field, beaches, town hall and community room, but few programs are developed for their utilization.*
4. Establish a "Main Street" committee for the purpose of improving the town's image. *This is the seventh policy listed in the Conservation and Preservation section of the Master Plan. It could be a valuable tool in crystallizing the Future Land Use Plan recommended above.*

Details on the selection of these policies are to be found in the CIP Committee minutes of March 10, 2009.

#### RECOMMENDATIONS:

The CIP Committee makes the following recommendations in the interest of serving the town government process in a more effective manner:

- The town should establish the Building Committee and the Financial Advisory Committee as permanent functions.
- The Select Board should establish a formal procedure for coordinating the work of the committees. The CIP Committee believes that the responsibilities listed below will prove effective.
  - Projects are identified by town officers and departments.
  - Cost estimates are prepared by the officers and/or by the Building Committee.
  - Budget projections and comparisons of alternative timing and project selection are processed by the CIP Committee.
  - The Financial Advisory Committee factors in operating & maintenance impacts.
- Select Board should annually set priorities for the work of the committees.

## **The Community Kitchen, Inc.**

### **1. Briefly describe the role of the agency:**

The Community Kitchen, Inc. is a not-for-profit service agency which provides hot meals, take home boxes containing food and personal care items, information and advocacy to low and moderate income men, women and families with children in the Cheshire County, NH area. Since its founding in 1983, the Kitchen has served and/or distributed over 11 million meals to people in need.

### **2. Identify the services that Town funding will provide:**

The Pantry Box Program operates out of a space in our building on Mechanic Street. Each box provides approximately three days' worth of meals for each family member. Computerized and handwritten records are kept of family names, number of people, street addresses, dates of receiving each box, income and age. Each family or individual coming in for the first time must fill out a form required by the USDA, and provide back-up documentation for all of the above information. Many referrals have been made to this program from Town and City Welfare offices, school nurses and other agencies. Almost 65% of the food for this program is donated, and over 36,000 volunteer hours each month are donated by community members to ensure the success of the program. Take-home boxes of food are available on Wednesdays from 12:30 pm to 5:30 pm and on Thursdays from 11:30 am to 4:00 pm, or by special arrangement.

Hot meals are served Monday through Friday from 5:00 to 6:30 pm at our Mechanic Street location. Meals are prepared by a volunteer staff under the supervision of the Hot Meals Coordinator. Menus are planned after donated food is picked up at bakeries, delicatessens, supermarkets and restaurants. Meals consist of two or more entrees, salads, vegetables, fruit, bread, soup, desserts and beverages, and are served by volunteers. Guests/participants make up over 30% of our volunteer crew and help primarily with set-up and clean-up. We are not requesting any funding from your town for our Hot Meal program, but thought you might want to know about it.

### **3. a) Number of clients served 1/1/2008 to 10/31/2008 at the Pantry:**

# Unduplicated individuals: 5,783

# Unduplicated households: 2,318

#### **b) Number of those who were Stoddard residents:**

# Unduplicated individuals: 41

# Unduplicated households: 16

**c) Number of above Stoddard clients served who were under age 19: 26**

**d) Number of above Stoddard clients served who were over age 59: 10**

**e) Number of Pantry boxes distributed 1/1/2008 to 10/31/2008: 30,485**

- f) Number of those Pantry boxes distributed to Stoddard residents:** 229
- g) Number of meals in pantry boxes distributed 1/1/2008 to 10/31/2008:** 657,137
- h) Number of those meals in pantry boxes distributed to Stoddard residents:** 5,175
- i) Estimated dollar cost, per client served, 2007:** \$48.69  
Calculated using \$533,790.00 total cash expenses, 770,941 total meals
- k) Cost to Community Kitchen of pantry meals provided to Stoddard residents, at 0.61 per meal through 10/31/2008:** \$3,156.75
- l) Percentage of total pantry box meals provided to residents of Stoddard:** 00.79%

Please note that the numbers provided on this page are actual numbers for January through September only.

Traditionally, The Community Kitchen experiences a tremendous increase in both the number of families served and the number of meals distributed in November and December, due to Thanksgiving and Christmas holidays, cold weather and fuel bills. It is anticipated that at the end of the year over 40,647 pantry boxes will have been distributed in total.

The amount of reimbursement we have requested is based on the actual number for the first three quarters of the year and an estimate of the fourth quarter added together.

**ART. 29:** To see if the Town will vote to raise and appropriate the sum of \$250,000.00 (Two Hundred and Fifty Thousand), of which \$197,000 (one Hundred and Ninety-Seven Thousand) is for the purpose of purchasing the buildings and land on Lot 128-09, located at 1460 Route 123 North in Stoddard, N.H., next to the Stoddard Town Hall, and the balance to be used to begin renovations to the building and/or property. The purpose of this purchase is to provide town office space and appropriate parking for this building and the Stoddard Town Hall. **(By Petition)** The Selectmen do not recommend this appropriation.

**ART. 30:** To see if the Town will vote to raise and appropriate the sum of \$275,000 for the purchase of land (and buildings) known as Anytime Auto (located at 830 Rt.9 Stoddard) to be used for town offices and possibly a south fire station for the Town of Stoddard. **(By Petition)** The Selectmen do not recommend this appropriation.

Motion by Sally Ripley to indefinitely postpone article 30, 2<sup>nd</sup> by Bob Hardy.

On a voice vote ARTICLE 30 IS INDEFINITELY POSTPONED.

**ART. 31:** To see if the Town will raise and appropriate \$500.00 for materials used in public plantings at the Town Hall, Library, Recycling Center and the Shedd Hill Bridge, for the beautification of Stoddard. The monies will be donated to the Stoddard Garden Club for this purpose, labor will be provided at no expense by Garden Club member. **(By Petition)** The Selectmen do not recommend this article.  
Motion by May Rokoszak, seconded by Arlene DiCorcia.

An Amendment by Amy Rokoszak to include members. The Article would then read: To see if the Town will raise and appropriate \$500.00 for materials used in public planting at the Town Hall, Library, Recycling Center and the Shedd Hill Bridge, for the beautification of Stoddard. The monies will be donated to the Stoddard Garden Club members for this purpose, labor will be provided at no expense by the Garden Club members. Seconded by Beverly Gay. Discussion follows.  
ARTICLE 31 IS ADOPTED AS AMENDED.

**ART. 32:** To see if the Town will vote to raise and appropriate the sum of \$75,000 for improvements, repairs and an addition to the existing fire station building. It is proposed to install a septic system, running water to the kitchen and to a new bathroom, build an 8' X 20' addition, and purchase a commercial dryer. **(By Petition)** The Selectmen do not recommend this article.

Motion by Randy Clark, seconded by Beverly Gay.

AN AMENDMENT by PJ Lamothe to reduce the amount to \$25,000.00.

The article would then read:

To see if the Town will vote to raise and appropriate the sum of \$25,000.00 for improvements and repairs to the Fire Station Building, which would be \$12,000.00 for a 2,000 gallon holding tank, toilet, sink including framing materials, lights, labor for wiring, framing installation for toilet and sink. \$1,300.00 for a security system. \$11,700 for maintenance on the building.

Seconded by John Halter. Discussion follows.

ARTICLE 32 IS ADOPTED AS AMENDED UNANIMOUSLY.

**ART. 33:** To see if the town will vote to raise and appropriate the sum of \$1,500.00 for building a Skate Park for the kids and families of Stoddard. **(By Petition)** The Selectmen do not recommend this article.

Motion by Mary Lou Eaton, seconded. Discussion follows.

A motion to indefinitely postpone Article 33. Seconded.

ARTICLE 33 IS INDEFINITELY POSTPONED.

**ART. 34:** To see if the town will vote to raise and appropriate the sum of \$8,750.00 for hydro seeding the ball field and replacement of the outfield chain link fence at the ball field. **(By Petition)** The Selectmen recommend this article.

Motion by Shannon Sarcione, seconded by PJ Lamothe.

Shannon Sarcione explains what is needed at this point for the ball field and makes an Amendment to raise the amount to \$11,260.00.

The article would then read:

To see if the Town will raise and appropriate the sum of \$11,260.00 for hydro seeding the field and replacement of the outfield chain link fence to twelve feet high at the ball field. Seconded by Chet Pratt. Discussion follows.

On the Amendment the Article passes.

ARTICLE 34 IS ADOPTED AS AMENDED.

**ART. 35** To see if the voters of the Town of Stoddard will approve the adoption of a procurement policy to be followed by the Town officials of Stoddard. The policy will provide for obtaining goods and services for the Town of Stoddard at the lowest possible price consistent with the quality needed, to exercise financial control over purchases, to clearly define authority for the purchasing function, to assure the quality of purchases, to allow fair and equal opportunity among qualified suppliers and to provide for increased public confidence in the procedures followed in public purchasing. All purchases of goods or services more than \$1,000 and less than \$5,000 will require three verbal quotes; more than \$5,000 and less than \$10,000 will require three written quotes; more than \$10,000 will require the process of obtaining competitive bids, initiated by the issuance of a request for bids accomplished by 1) letters to known providers soliciting bid responses; 2) advertisements shall be posted in three (3) public locations within the Town of Stoddard; 3) advertisements soliciting bids shall be placed in a local newspaper or media of general circulation. **(By Petition)** The Selectmen do not recommend this article.

Motion by Marleen Leotta, seconded by Alan Champney. Discussion follows.

**AN AMENDMENT** by Mike Oldershaw to read:

To see if the Town will vote to establish a “Financial Advisory Committee” to be appointed by the Town Moderator consisting of a Seven (7) member board for the fiscal year ending June 30, 2009. Seconded by John Halter.

On a standing vote for the amendment: 42 YES 36 NO.

**Second AMENDMENT** by Mr. Jackson to indefinitely postpone Article 35 as amended.

Seconded by Chet Pratt. Article 35 as the second Amendment fails to postpone.

A voice vote on the first Amendment is undetermined by the Moderator. The Moderator requests another standing vote. On a standing vote: 60 YES 37 NO.

**ARTICLE 35 IS ADOPTED AS THE 1<sup>ST</sup> AMENDMENT.**

**ART. 36** To see if the Town will vote to approve the following resolution to be forwarded to our State Representatives, our State Senator and our Governor:

Resolved: we the citizens of Stoddard, NH believe in a New Hampshire that is just and fair. The property tax has become unjust and unfair. State leaders who take a pledge for no new taxes perpetuate higher and higher property taxes. We call on our State Representatives, our State Senator and our Governor to reject the “Pledge”, have an open discussion covering all options, and adopt a revenue system that lowers property taxes. **(By Petition)** The Selectmen recommend this article.

Motion by Bob England, seconded by Lindsey Freese.

Lengthy discussion follows. A Motion to curb debate. Seconded.

Moderator calls for a standing vote. YES 39 NO 49.

**ARTICLE 36 FAILS.**

**ART. 37** To transact any other business that may legally come before this meeting.

Motion by Mary Lou Eaton to adjourn the meeting. Seconded.

Meeting adjourned at 10:42 PM.

## GRANITE LAKE VILLAGE DISTRICT ANNUAL MEETING APRIL 26, 2008

10:05 John Halter, Moderator, welcomed those present to the annual meeting usually held in July stating that it was indeed the annual meeting. The March 31<sup>st</sup> [2008] meeting had one purpose -- to vote to change the annual meeting date to an earlier date April 26, 2008.

He went on to define the purpose of the village district as solely the impoundment of waters. The meeting will be recessed rather than adjourned: we cannot conclude the meeting because the business will not be concluded if we vote to postpone article 2 (bond issue). The officers will remain in office until the meeting is adjourned. Tim Ruehr: In Marlboro officers do change during a recess according to Upton & Hatfield. We could vote to vote down article 2 and to reconsider later. It would also be a majority vote.

Tom read Michelle's (Clark) e-mail recommendation from the State office - what John Halter had already read. Barbara Ropiecki validated what Tom had said. There was some discussion as to which is correct...will look into.

If someone would like to have a written ballot, it would require three qualified voters to say so. Only people residing on lakefront property or having a deeded right-of-way and being a registered voter in town of Stoddard or Nelson could vote in village district affairs. Mr. Halter continued by saying that we were having a public meeting first so that anyone could speak. The duty of the Moderator is to set forth the rules right up front.

John MacAllister, chief commissioner, began by giving a brief history of the problems. Sometime late last summer DOT checked the culverts and found some holes and boulders from left side of wall were displaced revealing a hole five to six feet deep and scoring within. Also there was a hole at the base of the culvert of about the same size. In the 1930's the state owned the road as the road then went from W. Shore Rd. around the corner and over the dam. Since the road was rebuilt, the road was given up by the state. In October 2007 they recommended that the bridge be closed when excessive water was going over. In November the road was closed. Don Woods said that the larger culvert (approx. 1.8 x more water) under W. Shore Rd. may lead to a higher dam classification. Stoddard and Nelson's emergency planners immediately began planning and letting the residents downstream know what to do. In April the state said that the dam would have to plan to hold up to 65,000 lbs. If the road is abandoned, the price tag for dam repair would be much less. Denny Hisler, who supervised the fixing of the twin arch bridge up on Rte. 9, will be coming down on May 1<sup>st</sup> to take a look with Chuck Corliss. Nelson cannot act without a special town meeting or must wait until next March to appropriate more money. We're between a rock and a hard place.

Tom Yocono: Closing the road has to do with what is downstream. Liability is why the road has to stay closed. Even though the road is Nelson's, the GLVD is responsible for the road. If it collapses and damages the dam, we would still be responsible.

Question: Is the GLVD able to close the road without Nelson's approval? Yes

Question: Is it a money question? If we have enough money to have the road reopened?

Nelson voted, at its town meeting in March, for \$4,500 to share half the estimated engineering costs and \$27,000 for its half of repairs.

The Cucchi's visited Nelson's selectmen's meeting this past Wed. with a map and proposal of a new road bypassing the current road over his land down where the old mill was and would close the road in front of his house but to include a parking area for the church.

Jane Kirk: Nelson's selectmen are very concerned about this and are proceeding very carefully not to have a run in with the DOT over whose road it is. Selectmen have been working closely with the GLVD.

Marion Frazier: The church is definitely not for closing the road in front of the church.

Question: Doesn't the GLVD have the right to close the road? Commissioner said that Dan Eaton, state representative, said we did the right thing.

Tim Ruehr: Why did you have another drawdown if you knew you had an erosion problem?

Phil: We had to take it way down for further inspection.

Don said we had no previous information whether the damage is old or from the 2005 flood.

Jane Kirk: Please send a letter for an answer whether the state will repair the dam.

Doug Graham.

Question: Who is the District and what is the liability? The District is us, the landowners around the lake and the liability is \$1 million. Local Government Center is the insurance.

There is no report that says for sure how much effect [the metal culvert under West Shore Road] has. There was a permit through the wetlands board. Phil said he hopes that the hydrology report comes back saying that it isn't that much.

Len Frazier - Has the metal culvert ever been full? Yes, on Oct. 9, 2005 it was chock full.

John Halter began the actual meeting at 11:13 A.M.

Could we have one moment for respect for David Knight our previous Commissioner who was very instrumental in starting up the village district.

John Halter

**Article 1.** To choose one commissioner for a term of three years and to see who the inhabitants of the District will elect for the offices of clerk, treasurer and moderator.

Nominated John MacAllister for commissioner for three years, Sally Ripley, clerk;

Barbara Ropiecki, Treasurer; John Halter, moderator, each for the term of one year.

Moved by Tim Ruehr, seconded by Dave Costin.

John MacAllister stated that he thought each nominee should explain why he should be elected. He continued by saying he had a long time love affair with Granite Lake and had been a long term member of the lake quality group for the Granite Lake Assoc. and was concerned about the sand erosion due to the water level of the lake. He suggested that the cove residents get a dredging permit for the cove and not keep the whole lake level high - that high water may have a negative impact on sandy beach and the cove. He continued that he was disturbed about the septic systems and holding tanks leaking into the lake, and that he had occasionally had to remove boards to keep the board level at 24" at the dam.

Bob Woods - It was not my intention to keep the lake high.

It was usually Bob who kept it at the right level according to the levels on the rocks and

ledges around the lake. Bob had been commissioner three years before and resigned abruptly before the annual meeting.

Question: What was the fight about?

It was a question of the treasurer and other commissioners - that certain people wanted to keep levels low.

Tom Yocono: I didn't say we needed to replace the dam; we only needed a safer way to operate the dam.

Motion to move the question appropriately made and seconded.

Secret ballot voting occurred...Dita Englund and Anita Flanigan wrote down the numbers for each as read by Sally Ripley, clerk.

Motion that the uncontested offices be voted by voice vote appropriately moved and seconded. Vote was affirmative.

John Halter read the results: Bob Woods commissioner three years, Sally Ripley clerk one year, Barbara Ropiecki treasurer one year, John Halter moderator one year.

Barbara Ropiecki rose and talked about the bond issue. She mentioned various rates of interest, lengths of terms etc. She said they had told her not to go longer than 20 years as we may need another repair by then.

As we did not have all the information from Don Woods and Chuck Corliss which we wanted to know for some concrete amount of money to borrow, it was decided to have a motion to table the article as we had thought we would need to do.

Motion was appropriately made and seconded to reconvene on May 24<sup>th</sup> at 10:00. A Bond meeting must be within 60 days of the budget meeting. (March 31<sup>st</sup>. '08) The vote was affirmative.

**Article 3.** To see if the District will vote to appropriate the sum of \$11,625 to pay for the initial permit application and engineering and hydrology studies. The money already has been raised. The Commissioners recommend this appropriation. This money we have already in an unnamed fund which we used to call the Capital Reserve Fund but since we had no trustees to mind the money, it was not actually a CRF. There is a permitting fee of \$3,000. There are at least \$4,500 in engineering fees. We have not paid Don Woods, engineer any money. So they need to be paid. Nelson has voted to share the expense of both engineering and construction work. Depending on the funding, we may not have to take out very much prematurely. Also the money for a hydrology report will need to be paid.

Motion to move the question and seconded appropriately. Vote was affirmative.

**Article 4.** To see if the District will vote to authorize the Commissioners to borrow in anticipation of taxes. The Commissioners recommend this article.

Motion was appropriately made and seconded. Vote was affirmative.

**Article 5.** To see if the District will vote to raise and appropriate the sum of \$4500.00 for operating expenses for the coming year.

Breakdown summary: \$500 for the church where we meet. There have been several meetings this year due to issues; \$2500 for legal fees (for instance, for Tom Hanna's checking out ownership of properties around the dam area); \$400 in dues for dam registration fees which used to be \$100; \$70 for municipal association membership; \$1030 for our usual expenses: mailings, ads in local paper for our meetings, stamps,

inks and papers. A motion was appropriately made and seconded. The vote was affirmative.

**Article 6.** To see if the District will vote to raise and appropriate the sum of \$818.00 to purchase liability insurance for the coming year. The Commissioners recommend this appropriation. Motion was appropriately made and seconded. Vote was affirmative.

**Article 7.** To see if the District will elect to establish a Capital Reserve Fund under the provisions of RSA 35:1 to work in conjunction with the Commissioners for the purpose of dam maintenance, repairing, or replacing the dam. The Commissioners recommend this article.

An amendment to raise the amount to \$1500 put in each year was appropriately made and seconded. Most agreed but not voted. Wording changes were thrown around along with discussion about who would act as agents. Tom Yocono pointed out that the commissioners would not be able to withdraw in case of emergency just as happened this year.

A motion to table the article until the May meeting due to the length of the meeting was appropriately made and seconded. Vote to postpone was affirmative.

**Article 8.** To see if the District will accept funds from any other association or anyone. Motion was appropriately made and seconded. Vote was affirmative.

**Article 9.** To see if the District will vote to have its next meeting on April 25, 2009 at 10:00 AM. Motion appropriately made and seconded to have the meeting start at 9:00 AM. Amendment passed. Barbara said this would be the first meeting ever in the fiscal year Jan. - Dec. as we finally changed it from Jul. 1 - Jun. 30. Amendment was appropriately voted on and passed. Article was voted on and passed.

Dita asked if we could talk about any new business...Jim Wilder talked about making high speed internet for this area a reality. No voting on this issue. Postponed for more information about a relay and repeater from Pinnacle Mtn.

Motion was appropriately made and seconded to **recess** until May 24, 2008 at 10:00 AM. Vote was affirmative.

**GRANITE LAKE VILLAGE DISTRICT**  
**STATE OF NEW HAMPSHIRE**  
**Continuation of annual recessed meeting MAY 24, 2008**

Phil Hamilton began the meeting in John Halter's (moderator) absence. Calls were made to find him thinking that he probably forgot it was to start at 9 AM instead of 10. Phil began by saying we were back to the start. The state now would like us to cement the floor and build the walls in two-foot high sections at a time with reinforcing rods up to eight feet total. This drying time would mean that the cement truck would have to come each time at around \$850 each. This should not break the bank. Mike Tarr (road agent from Nelson), Jeremy and Phil Hamilton would pour the bottom for free labor. They would like to hire a contractor who will donate time and charge only for supplies.

Question: What are the "lifts"? Sections

Question: What is the time frame? Not long

Question: Is the State ok with this? We believe they are very happy with this

Question: What about the gate? The gate is fine but the State would like a better breakaway system for the boards.

Question: Could there be some kind of automatic way to remove the boards? We could make the beam wider to make it safer. The boards have hooks on top that fit into the boards above them, we just use a pole and hitch to the hook and pull up.

Question: What is the approximate cost? Maybe \$20-30,000. The \$3,000 permit was only for a replacement. We do not have to pay it. This was originally a dry rubble dam with not much dirt or any cement, just rocks piled up. Otherwise it would have pushed in a long time ago.

Question: How about the water drainage problem? Mike Tarr: we are looking toward turning the water away from it coming down the hill and will have enough money.

Question: Reopen road? We haven't got that far. Maybe admit to six-ton limit, but no way to enforce it.

Barbara Ropiecki (Treasurer) spoke about getting money from New Hampshire Municipal Bond Bank, they told her to call Northway Bank. She did and spoke to Sue Hunt, whose family used to have a cottage here. Sue said we could get a construction loan instead of a regular bond which means we would only borrow the amount we need and it would be at only 3.72%. No fees, no bond council fee charge.

Tom Newcomb: Is that rate for less than the \$99,000? Barbara: yes.

Tom: The Granite Lake Association has been holding about \$2500 for the dam repair for many years. This might be a good time to use it.

Dita Englund proposed that Phil or Bob act as moderator and have this be a recorded meeting, also we could begin the bond process without knowing the exact amount. Tim Ruehr suggested we could just vote to raise and appropriate the amount we need and pay it back in the one year instead of stretching it out.

At this point John Halter arrived and called the recessed annual Granite Lake Village District meeting to order at 9:30.

John Halter read article 2. It was appropriately moved and seconded and ready for discussion.

**Article 2.** To see if the District will vote to raise and appropriate up to \$99,000.00 for engineering, dam repair, legal fees, and other necessary work to bring the dam to satisfactory conditions to meet safety regulations, and to authorize the issuance of no more than \$99,000.00 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the municipal officials to issue and negotiate such bonds or notes and to determine the rate of interest thereon. The Commissioners recommend the appropriation. (2/3 ballot vote required)

Tim: It looks like in lieu of a bond, we could use the line of credit and just have an appropriation and pay back in a year.  
The District decided to accept the construction loan idea so it would pay interest only on what it actually needed to borrow.

The amendment was moved and seconded, vote was affirmative. John Halter then announced it would be a written ballot. “Stoddard up front, Nelson here in the back”. Some official blank ballots were found for us to use. The ballots were counted and tabulated but left until later.

The meeting came back to order at 10:05

The Moderator announced that the voting would be open until after the meeting to allow for anyone who thought the meeting was at 10:00 AM, thus providing the minimum time allowed.

**Article 7.** Article was read. Motion was moved and seconded and opened for discussion.

To see if the District will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of dam maintenance, repairing or replacing the dam and to raise and appropriate the sum of \$500.00 to be placed in this fund, and to name the Commissioners as agents to expend from the Capital Reserve Fund. The Commissioners recommend this appropriation. Majority vote required.

An amendment was made to replace the “Commissioners as agents” with “and further entrust the money to the Stoddard Trustees of Trust Funds” and to change the amount to \$1500 because now it is obvious that much more money is needed for construction work. At the District’s inception in 1992 prices were lower. Kevin Robbins explained that if the article is not amended, the article would allow the Commissioners to spend without the vote of the residents.

The Trustees would have only power to invest the money and withdrawals made by the residents of the district only at a regular or special meeting of the Granite Lake Village District. The Commissioners recommend this article to be removed from article.

Another amendment was made to add “by majority vote”. Both amendments were appropriately moved and seconded and voted in the affirmative.

Then the article was voted on and the vote was affirmative.

**Article 7.** To see if the District will vote to establish a Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of dam maintenance, repairing, or replacing the dam and to raise and appropriate the sum of \$1500 to be placed in this fund, and to name the Trustees of Trust Funds in Stoddard as caretakers of this fund and the residents of the District as agents to expend by majority to vote from the Capital Reserve Fund.

Then the article was voted on and the vote was affirmative.

“Article carries”. Then to Barbara Ropiecki “Now you can fill out your forms” Moderator Halter read the results of the secret ballot for the bond issue. 40 affirmative. 0 negative.  
Article carries, Article 2 officially passed.

Before we adjourn, is there any other business? There appeared to be none. Appropriately moved and seconded to adjourn. Vote was affirmative.

Respectfully

Sally F. Ripley

### **School Board Annual Report**

2008 has been an extraordinary year of transitions for James Faulkner Elementary School and its Board. First of all, two valued board members resigned their positions: Brian Pratt anticipated leaving the area and Mike Myer decided to spend more time in warm Florida. We thank both of them for their dedicated service to Stoddard and to James Faulkner Elementary School. In their places we welcomed Amy Osterhout and Marcia Kayser.

Secondly, we welcomed a new principal, Mark Taft at the August meeting. Mr. Taft is semi-retired and comes to this three-day per week position with significant background in education. He is especially interested in collaborative projects within and outside the building. In this regard he has begun conversations with other small schools in the region. Within the faculty, he has engaged teachers in learning and implementing a new math program

Staff changes resulted in the following positions: Maggie Sergeant teaching 4/5 grade, Meaghen Keller, new to our school, teaching grade 2/3, and Ray Lagasse redefining his position to building maintenance. In every case, the change brought new energy.

We continue to monitor the NECAP test score results that are not so high as we would like them to be. Mr. Taft and the teachers are implementing the new math program, which is directed to improving math skills.

In June, the Board returned \$5,710 to the taxpayers of Stoddard while funding the three special warrant articles for Extraordinary Tuition, for School Building Design; Renovation, Expansion, and Construction, and the District Buildings and Ground fund. As a result of the installation of the generator last year, James Faulkner Elementary School was fully prepared for the winter ice storm and the use of the building as an emergency shelter. Over the summer, the Board, with the guidance of Mike Meyer, directed the repair of sidewalks in front of the school and purchased a beautiful granite sign for the school.

The school was the voting site for the primary election in September and the general election in November. This change gave everyone considerably easier access to the polls. Finally, after the school expansion discussions last year, the Board decided to pursue access for a second egress from James Faulkner Elementary School. We are in the middle of that process now and will be reporting on possibilities later in 2009.

For another year, the Stoddard School Board continued its discussions with the Keene School District to confirm an AREA (Authorized Regional Enrollment Area) agreement, with no finalized agreement signed between the sending schools (Harrisville, Nelson, Chesterfield, Westmoreland, Marlborough, Marlow and Stoddard) and the Keene School District. We are hopeful that a final document will emerge this year. The most important

part of this document will establish how Keene School District calculates tuition costs that have been escalating every year. As a result of this tuition issue, the Stoddard School Board engaged a forensic accountant to clarify how Keene School District establishes the tuition rate and to verify the accuracy of the bill that Stoddard receives. In addition the AREA agreement “provides a mechanism for sending districts to participate in the evaluation and planning of programs at Keene High School.” The AREA agreement expired in 2006 but continues to define the relationship of the sending towns in SAU 29 and of Stoddard to the Keene School District.

Following the resignation of Dr. Tyrie in June, Superintendent Douglas White has provided guidance and support for JFES administration and has assisted the Board in systematically reviewing the policies and procedures that guide and protect our students. He has been working closely with the Stoddard School Board, Mr. Taft, and the entire staff at JFES to ensure the highest quality education for Stoddard students.

Finally, we thank him, the members of the administrative staff of SAU 24, and all the staff of JFES for making our job so satisfying.

Respectfully submitted,

Alfrieda J. Englund, Chair

## Stoddard School District

### Principal's Report

The students and staff at James Faulkner Elementary School have been actively engaged in learning and improvement during the FY 08-09 school year. The year began as we welcomed 47 students to school on August 27, 2008. Along with the new students there were several staffing changes, in addition to myself, to highlight.

- Mrs. Meaghen Keller was hired as the second/ third grade classroom teacher. She comes to Stoddard with several years of classroom experience and a background in Special Education.
- Mrs. Wilhelmina Bodine, a resident of Warner, NH was hired as our new music teacher replacing Mrs. Vicki Moore.
- Mrs. Margaret Sergeant, previously the second/third grade teacher became the school's fourth/fifth grade teacher

This year is best characterized as a year of beginnings. We are beginning to implement a new math program called Everyday Math. This program has been used throughout the SAU in the past and is also in use in the Keene School District. Our use will help smooth the transition for our students to the Keene Middle School. This program has been successfully implemented elsewhere and we are excited to be using this program. We have already seen some exciting learning by our students.

We have begun a process of meeting with the smaller schools in SAU 29 to discuss the unique opportunities and challenges that small schools face in meeting the needs of a diverse, yet small student body. Our teachers have worked with other teachers at these schools to develop a common writing prompt and will be meeting periodically to share their experiences with one another.

We have also opened communication with Keene Middle School and Keene High School. It is important for us to assess how our students are doing in those schools and how we may be able to improve their experiences there.

Last spring the fourth graders participated in the first science assessment throughout New Hampshire. We are pleased to report that our students did slightly better than the rest of the state which indicated to us that our emphasis on the scientific method rather than content was beneficial to our students.

A significant event of this fiscal year was the extended power outage in December that affected the region. Thanks to the forethought and planning of the community, James Faulkner Elementary School, served as the local shelter and the Emergency Operations Center. While in the middle of this crisis we were still able to hold school. This is quite an accomplishment as we believe we are the only school in the state to do so. The collaborative efforts of the Emergency Operations Center personnel, the Fire Department

and the school personnel, looking out for the interests of students and community members, is what lead to this noteworthy success.

As we look ahead we are studying the assessments that we use, the standards our students are expected to achieve, and the methods of instruction that we use. We want to provide students with a challenging and engaging academic program that also allows children to take ownership of his/her learning.

We are blessed to have a very dedicated staff of teachers and paraeducators who work with the children of Stoddard. We could not successfully work with our students without the on-going support of the Stoddard School Board, PTO, SAU staff and all the citizens of Stoddard. We appreciate your commitment and ongoing support for the children of Stoddard.

Respectfully submitted,

Mark L. Taft. Principal

## REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS

To the School Board  
Stoddard, New Hampshire School District

In planning and performing our audit of the financial statements of the Stoddard, New Hampshire School District as of and for the year ended June 30, 2008, in accordance with auditing standards generally accepted in the United States of America, we considered the Stoddard, New Hampshire School District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Stoddard, New Hampshire School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Stoddard, New Hampshire School District's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the District's internal control.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely effects the entity's ability to initiate, authorize, record, process or report financial data reliably in the accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the following deficiency to be a significant deficiency in internal control.

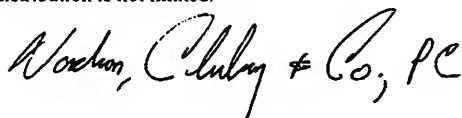

### Condition:

Monthly treasurer reports from fiscal year end through the audit were not submitted.

### Implication:

Internal controls over cash are weakened when the reconciliation process is not completed in a timely basis. The reconciliation process is an integral part of sound internal control policies and procedures.

This report is intended solely for the information and use of management and the School Board and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record, and its distribution is not limited.

## **ANNUAL REPORT**

### **Superintendent of Schools Report**

In the fall, the Nation elected a new President, who has created a sense of hope for the American people. He must lead the revitalization of the economy, handle our military situation in the Middle East, and steer the reauthorization of No Child Left Behind. While President Obama is assembling his team and refocusing the priorities of the Nation, School Administration Unit 24 (SAU 24) has also seen a change in leadership in many key positions. The new administration is facing the challenges of limited resources and legislative mandates, and at the same time has the important responsibility of meeting the educational needs of all our young people in our communities.

On July 1, 2008, I officially moved from Assistant Superintendent to Superintendent of Schools. As I started my tenure as superintendent, I was joined by several knowledgeable and talented administrators: Pam Shepard, Assistant Superintendent, formerly the principal of Henniker Community School; Mark Willis, Weare Middle School Principal, formerly the principal of Southside Middle School in Manchester; Ralph Peterson, Henniker Community School Principal, formerly the principal of Richmond Middle School in Richmond, Maine; Mark Taft, James Faulkner Elementary School Principal in Stoddard, formerly the principal of Academy School in Brattleboro, Vermont; and Tina Tanguay, John Stark Regional High School Assistant Principal, formerly a social studies teacher and chairperson at Somersworth High School. As a result of the addition of these high quality educational leaders to the current exceptional administrative team, the schools in SAU 24 will be able to remain focused on the goals of literacy, numeracy, and technology, while maintaining an environment in our schools that is safe and well managed.

The high expectations and changes in schools today require educational leaders to take an active role in creating alternative systems to meet the needs of all students. The administrative teams from all schools in the district have worked collaboratively to develop a mission, vision, values and goals that will enhance the learning of students in every building in our SAU. In addition, the teams are committed to establishing Professional Learning Communities in their buildings to ensure there is a focus on student learning, teacher collaboration, and result-orientation discussion making. Therefore, the administrative leadership in SAU 24 is committed to building shared leadership capacity that will maximize learning for ALL students.

While it is the administrators in the district who are providing structure and support so that teachers and staff members can work collaboratively to identify the essentials to know in each subject area, develop common assessments, and create systematic interventions and enrichments that will ensure learning for all students. It is the work of the teachers with the students' everyday that is making a difference. We are continuing to see individual student growth in the areas of reading and math as indicated by state and local assessments and there is renewed focus in the area of science. Furthermore, teachers from all districts are volunteering to meet regularly on vertical curriculum committees to ensure curriculum and assessments are aligned across the SAU, while at the same time, sharing successful instructional strategies that will improve student achievement.

The SAU continues to support the goal of technology by improving and updating technology systems:

This fall we completed the implementation stage of our 100-megabyte fiber connections between the SAU office and the schools in both Henniker and Weare. This wide area network is unusual, as it required the joint efforts of two separate telecommunications companies: TDS Telecom in Henniker and Granite State Internet in Weare. This high-speed connection has allowed us to share important resources, such as PowerSchool and BudgetSense access between the schools using lines that are both faster and more reliable than in the past. Further, the fiber lines have allowed us to free up the majority of bandwidth on our outside lines, allowing faster parent and student access to the PowerSchool server from home. In the next year, we plan to take further advantage of the new network infrastructure. New mail and web servers will be shared among all the sites and roaming profiles will allow student and staff data to travel with them from school to school. Sharing server resources from district to district will also allow the technology coordinators in each district to share the burden of maintenance and upkeep of these resources. This last calendar year has also seen significant upgrades to PowerSchool itself. We have upgraded to the Premier version that gives us a powerful new interface for the teachers and new ways to access and report on the data from the administrative side.

During the 2008-2009 school year, the SAU instituted an emergency notification system called AlertNow. AlertNow allows school administration to communicate effectively and efficiently with parents and staff in a timely manner in the case of a school emergency or other important events. The notification system instantaneously delivers custom messages to a specified group by voice or text. In addition, after a broadcast is completed, AlertNow builds a report that illustrates how efficiently and effectively the message was transmitted. During the ice storm in December, the system was invaluable by providing residents with information concerning both school and community related issues.

As part of the re-authorization of federal law, Individuals with Disabilities Education Act (IDEA) and the new NH Special Education Rules, there are significant changes that will impact our school district. The major changes are: an alternative process for identification of Learning Disabilities called RTI (Response to Intervention). The new law will allow parents to revoke consent for special education services and the school district will not be able to challenge the decision through mediation or due process. In addition, there is an expectation that school districts will play a greater role in terms of placement recommendations to the court and an assurance if students are disabled it is detected and appropriate agencies are involved.

As a result of these changes the district's focus for special education has been to review the entire special education process and procedures. The goal of the special education coordinators will be to develop a well-managed, systematic process for educational decision making to guide Individualized Education Program (IEP) Teams. This will include a comprehensive manual incorporating Local Educational Agency responsibilities as well as roles and responsibilities for

all IEP Team members. Furthermore, the district will continue to focus on the following cost effective initiatives that will ensure all students are having their educational needs meet: SAU Autism Task Force, building level Literacy Intervention implementation teams, SAU wide embedded professional development, training in Wilson Reading, web based electronic data management system, SAU wide pre-school coordination, and a new primary special education program.

A transportation subcommittee with Board representation from Henniker, John Stark, and Weare with support from SAU administration has developed a plan to provide student transportation to and from schools that will be more efficient and effective for the 2009-2010 school year. The plan will use a tiered busing system, which may result in slight changes to start times for schools in Henniker, Weare, and John Stark. As a result of this plan, districts will be able to reduce transportation costs significantly and simultaneously provide high quality transportation service for our students.

I would like to extend my congratulations to Jim Crane who won the honor of NH School Business Administrator of the year in 2008. Jim has held the position of business administrator in SAU 24 on two different occasions 1980 to 1983 and 1992 to present. Jim has been an invaluable member of SAU 24 providing the structure and integrity in the financial aspects of our schools necessary to instill trust and support in our communities. At the end of the 2008-2009 school year Jim will be retiring. His dedication, commitment, and expertise will be truly missed. I wish him the very best as he starts a new chapter in his life.

In closing, I know there is a sense of hope that the new leadership in our Nation will be providing direction and focus necessary for this country to be strong and prosperous once again. During these uncertain times, be assured the leadership in SAU 24 is remaining focused and committed to providing high quality education for all of our young people.

Respectfully submitted,

Douglas R. White, Jr.

## **REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the School Board  
School Administrative Unit #24

We have audited the financial statements of School Administrative Unit #24 as of and for the year ended June 30, 2008, and have issued our report thereon dated February 6, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

### *Internal Control Over Financial Reporting*

In planning and performing our audit, we considered School Administrative Unit #24's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the effectiveness of internal control over financial reporting. Accordingly we do not express an opinion on School Administrative Unit #24's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely effects the entity's ability to initiate, authorize, record, process or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting and its operation that we consider to be material weaknesses as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School Administrative Unit #24's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

Equalization Rate: Each year the Selectmen complete a report for the Department of Revenue Administration. This report lists all the properties sold in Stoddard in the past year with the sale price. The Selectmen must report the Assessed Valuation of the property and note if the sale was between family members or in some other way not qualified as a market value sale. Based on this information, the Department of Revenue Administration calculates the percentage of Assessed Value to Market Value.
